

CleanShield 550

The CleanShield 550 air scrubber effectively removes debris, such as mold, and pet dander, down to 0.3 microns in size, while only using 3 amps of power. Available with a MERV-8, HEPA, or activated carbon filter, the variable speed 550 is capable of up to 550 CFM. The CleanShield 550 also features inlet + outlet ducting, replacement filter light, and power light.
