

STORM ELITE

The Storm Elite, the largest model in the series, has a powerful 125 pints per day capacity and a 325 CFM airflow. The Elite is equipped with heavy duty wheels and a convenient handle making it easily maneuverable in almost any environment. The exterior of the unit features a rotomolded exterior, both inlet and outlet ducting, plus an innovative “clam shell” cover. This unique feature makes it simple to access the internal components for maintenance and repair.
